

Environmental Management Procedures

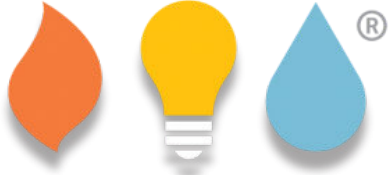

Site Surveying Services Ltd will be proactive rather than reactive regarding environmental matters and aim to avoid or minimise adverse environmental effects, whilst maximising beneficial effects where possible. Site Surveying Services Ltd will adhere to all relevant legislation, as well as non-statutory advice where appropriate. Site Surveying Services Ltd will aim to promote standards of best practice within the company and the industry.

The Company is committed to protecting the environment

To minimize environmental impacts concerning our activities, products, and services, we shall: -

- Comply with applicable legal requirements and other requirements to which the Company subscribes which relate to its environmental aspects
- Prevent pollution, reduce waste and minimise the consumption of resources.
- Educate, train, and motivate employees to carry out tasks in an environmentally responsible manner.
- Encourage environmental protection among suppliers and subcontractors.
- Use recycled paper, Bio-degradable bin bags, Plant based cleaning products, ecological stationary in the office
- On site we will use untreated wooden stakes instead of plastic tubes and avoid any products that will damage the ecosystem where we are working.
- When working in known habitat areas, our site operatives are trained using toolbox talks to take extra care and leave sites as undisturbed as possible
- Our company vehicles are serviced and maintained to reduce carbon emissions; staff also share vehicles to work where possible

Site Surveying Services Environmental Management Procedure is concerned with the monitoring of environmental changes, this procedure is ongoing, and we will review and update it at periodic intervals. The Company is committed to continual improvement of environmental performance.

Aspect	Example	Environmental Benefit	Financial Benefit
	<ul style="list-style-type: none"> Recycle bins in the office to be used to separate waste. Discouraging single use items We have a contract with Rishton Waste Paper Ltd who recycle our paper, cardboard, Plastics, Cans and Paint cans. 	<ul style="list-style-type: none"> Less waste contamination, less waste to landfill Reduction in waste 	<ul style="list-style-type: none"> Smaller waste management costs- consumables, cleaning time and cost
	<ul style="list-style-type: none"> Combi boiler so that water is only heated when needed 'Switch Off' attitude Sign up to 100% green energy provider 	<ul style="list-style-type: none"> Emissions reduction Reduction in natural resource used 	<ul style="list-style-type: none"> Smaller Utility bills Enhanced reputation Lessen our carbon footprint

	<ul style="list-style-type: none"> ● Reduce, re-use, recycle initiatives 	<ul style="list-style-type: none"> ● Less use of finite resources ● Leads to less waste produced 	<ul style="list-style-type: none"> ● Reduction in procurement & waste management costs
	<ul style="list-style-type: none"> ● Staff share company vehicles where possible when travelling to site or office ● Vehicles are maintained regularly 	<ul style="list-style-type: none"> ● Less congestion and cut CO2 emissions ● Reduces Pollution 	<ul style="list-style-type: none"> ● Saves money for the company
